The teaching committee (TC) of the Master's Degree in Sustainable Development has decided that master's theses will be recorded in the library catalog of the University of Basel and on edoc.

The involved persons declare their agreement to the following by signing in the fields below:

Function

Full name	
Date of signature	
Library recording incl. edoc ¹	
Publishing the abstract on edoc ²	
On-site use/coordination office MSD ³	

¹ The signatories agree to the recording and listing of the bibliographic data including title, author's name and the names of the reviewers in the university catalogue and in the document server [edoc](#). This is the institutional repository of the University of Basel. It lists the scientific publications produced at the university and is operated by the University Library.

² With this agreement, not only the bibliographic data (see point 1) will be published on edoc, but also the abstract of the master's thesis. A link to edoc will be placed on the MSD Website

³ One of the submitted copies of the master's thesis will be provided for on-site use at the coordination office if approval is given. Borrowing is not possible.
